Professional Experience and Curriculum Vitae
Water brook was founded by Kevin Ryan and it was formed because parents of Kevin were looking for a suitable luxurious retirement home and they were unable to find one. Hence Kevin decided to develop one.
Water brook was the brainchild of Kevin and hence the first luxurious retirement complex came up in the year 2001. The retirement homes and made by Kevin are fully furnished and need no extra furnishing. There are the salt water swimming pools in the complexes. There is an ambience of serenity in these retirement complexes. That is the reason that these luxury retirement complexes are also called as luxury retirement villages. There is complete connectivity of the villages with the cities.
