Professional Experience and Curriculum Vitae

My name is Laura White, and I specialize in creating beautiful design and photography. I have been in the field for four years. My work ranges from wedding invitations and photos to corporate directories and advertising pieces for established organizations such as Cargill and Children's Mercy.

I graduated with a BFA from Northwest Missouri State University.
With close attention to detail, an entrepreneurial mindset, and a knack for branding and capturing your perfect moment, I hope to be the one you choose to fulfill your artistic needs. Meet me for a cup of coffee and lets discuss re-branding, the photos that are the "must-haves" for your wedding day, or anything else that I may assist with!
