Professional Experience and Curriculum Vitae

I graduated from Washington University in St. Louis with a Bachelor of Fine Arts and landed on Music Row, designing CD packaging. I then worked for 9 years as an art director for a Nashville Design firm before launching wideyedesign in 2001. With an emphasis on quality and service, I still specialize in packaging and marketing, but also regularly work in mediums from web design to brand spaces (interior design) for universities and corporations.

Previous Clientele

Atlantic Records, Thomas Nelson Publishers, Warner Brothers, EMI, LifeWay, Integrity Publishers, Advent Solutions

Awards and Accolades
