Professional Experience and Curriculum Vitae

Im an interdisciplinary dance artist, animator and film-maker. Self-taught in both dance and film, which form the main focus of my work, the roots of my practice lie in b-boying. My dance style has developed into a unique fusion, with expression, accessibility and integrity at it's heart. I received the Arts Foundation Choreographic Fellowship in 2012 and the UK Film & TV Charity John Brabourne Award in 2019. Most recently I was the recipient of the Outstanding Production award in the 2019 Theatre and Technology Awards for TOM. I am also a New Wave Associate Artist at Sadler's Wells and a Playtime Artist at PDSW.
