Professional Experience and Curriculum Vitae

Willie Gibson has been shooting throughout the US, Mexico, South America and Europe for over 30 years. He has established a reputation as a respected and recognized talent in architectural photography, and has created beautiful images for residential homebuilders, architects and designers, resorts and golf courses. Willie's images have won dozens of awards for major homebuilders across the country. Many of Willie's resort and lifestyle images have appeared in travel and leisure publications

Willie has shot stills on sound stages, worked with personalities, and created catalog images for corporate publications, fashion apparel and recreational equipment companies. His digital videos of resorts, golf courses and custom residences are used in production for marketing and publication.

Willie maintains a strong stock photo library of architectural and travel images. He is available for individual assignments, as well as add-ons, worldwide.
