Professional Experience and Curriculum Vitae

Wong is the online creative identity of Irish designer and illustrator Jonathan Wong. Jonathan is an 19 year old student studying Graphic Design in Limerick School of Art & Design. He has been doing traditional work since he can remember but only over the past two years, has he discovered the wonders of digital art. He started small and worked his way up to larger work at a very quick rate. As the time moved on, his skill increased and increased. His eagerness and enthusiasm for art shines through in everything he does. Before long, he was receiving commissioned work and getting published in various magazines and websites.

Jonathan is also a proud member of the artgroups Evoke and Depthcore.

Previous Clientele

Mazda, Orange, HP, EPOS, Belltable Arts Centre,
