Professional Experience and Curriculum Vitae
I'm creative and always find a way to get inspired. I've read the book Imagine: How creativity works, which does a great job of explaining how the brain works when it comes to creativity. Other than that i have a great intuition for design, and know when it feels right.

Awards and Accolades
CV
Completed business school in June, 2001.

Completed English, Danish and Faroese on a A level.

In 2004-2008 and again in 2009-2010 I worked at a construction supplies store, where my role stretched over several different areas. Amongst others were organizing storage, delivering orders and at customer reception.

I worked as a carpenter in 2010-2011.

I will be completing the 1st year as a graphic designer at HANSENBERG in Desember 2012.

Awards and Accolades
Won a poster contest for an open house event.
Had twice as many votes as the person who
came in at 2nd place.
